SUMMARY

Enthusiastic and quick learning Java Developer with a strong foundation in Core Java, OOPs and MySQL. Passionate about building clean, maintainable applications and eager to contribute to real-world software projects..

PROJECTS

Authentication And Security In Cloud Data Storage Using AES Algorithm

- Developed a secure cloud data storage system using AES encryption to protect confidential data.
- Implemented indexed structures for efficient keyword-based search on encrypted files.
- Built the project using Python (Flask), HTML, CSS, JavaScript, and MySQL for seamless integration and data handling.
- Enhanced data privacy and retrieval efficiency through a secure indexing mechanism.

Hospital Management System

- Developed a Java-based hospital management application using MySQL to automate patient, doctor, and billing operations.
- Implemented modules for appointments, in/out-patient records, and payment processing with JDBC connectivity.
- Enhanced hospital efficiency by reducing manual errors and ensuring secure data handling.

TECHNICAL SKILLS

- **Programming Language:** Java
- **Web Development:** HTML5, CSS3, Javascript
- **Database Management:** MySQL
- **Version Control:** GitHub

EDUCATION

B.Tech – Computer Science and Engineering 2020 – 2024
Periyar Maniammai Institute of Science and Technology, Thanjavur – *CGPA: 8.03*

Higher Secondary School Certificate 2019 – 2020
Al Ameen Matriculation Higher Secondary School, Kumbakonam – *66%*

Secondary School Leaving Certificate 2017 – 2018
Al Ameen Matriculation Higher Secondary School, Kumbakonam – *82%*

CERTIFICATIONS

- Attained Certification in JavaScript – Great Learning
